

2016 marks the 20th Anniversary of the [Asia-Europe Meeting \(ASEM\)](#) process. This year the [ASEF Summer University \(ASEFSU\)](#) has also reached a milestone with its 20th Edition. The [Asia-Europe Foundation \(ASEF\)](#) and its Asian and European partners will celebrate these occasions by organising a grand-scale educational journey for 51 young ASEM representatives to experience the “Gateways to Asia and Europe: Connectivity by Land, Sea and Air”.

The 20th ASEF Summer University (ASEFSU20) is for those who are hungry to explore and work on the roles of transportation and trade between Asia and Europe – in the past, present and future. Be part of a team of young professionals and students who will travel and collaborate for 2 weeks across China, Mongolia and the Russian Federation.

Individual travel-logs

Each participant will create a multimedia travel-log capturing the personal impressions and lessons learned. All travel-logs produced in their respective languages will be shared online and act as a bank of collective experiences from the journey.
